

DSL-302

STAINLESS STEEL SURFACE CLEANER

INTRODUCTION:	DSL-302 is an industrial degreaser composed of a mixture of terpenes and corrosion inhibitors. Formulated to quickly remove dirt and grease. It allows cleaning and degreasing all types of machinery and surfaces such as floors and pipes. It does not contain aromatic solvents (no VOC) and is soluble in water. Removes oil, carbon black, grease and rubber. Does not corrode metal surfaces.
SPECIFIC:	DSL-302 presents the following characteristics: pH: 11.80+/-2.0 % Solids (105°C, 2 h): 21.00+/-5.0 Appearance: Amber or yellow liquid
FUNCTIONALITY:	DSL-302 can be used pure or diluted in water, depending on the degree of soiling.
APPLICAT:	Apply by spraying, allow the solution to act for 2-3 minutes, scrub with a brush or wipe and then rinse.
HANDLING:	DSL-302 is no toxic. It does not present hazard conditions. Normal general security practice is necessary. Wear rubber gloves, goggles and mask. Avoid contact with skin and eyes.
STORAGE:	DSL-302 must be stored between 2 °C to 60 °C. Freezing must be avoided.
PACKAGING:	DSL-302 is available in 5, 15 or 55 gallon containers.
